

OakBend Medical Center

PATIENT FINANCIAL ASSISTANCE POLICY PLAIN LANGUAGE SUMMARY

In fulfillment of its mission, OakBend Medical Center contributes appropriate resources, advocacy and community support to promote the health status of the community which it serves, within its economic ability to do so.

OakBend Medical Center is committed to providing charity care to persons who are uninsured, underinsured, ineligible for a government program, or otherwise unable to pay for emergency and medically necessary care based on their individual financial situation and without discrimination.

Patients whose family income is at or below 200% of the Federal Poverty Level (FPL) are eligible to receive free services. Patients whose family income is between 200% and 300% of the FPL are eligible to receive an 80% discount on services provided. Patients whose family income is above 300% of the FPL and with overall medical bills from all providers exceeding 10% of their family income or patients whose family income is above 400% of the FPL and with overall medical bills from all providers exceeding 25% of their family income are eligible to receive services at a discounted amount. This discounted rate remaining after discount for the patient is not to exceed the average amount OakBend Medical Center would get paid by private insurance and Medicare.

If you are required to pay a discounted amount, and you cannot pay the discounted amount in full after the services are provided, OakBend Medical Center will attempt to collect this discounted amount. OakBend Medical Center will provide regular billing statements requesting payment from you. If you cannot pay the discounted amount in a single payment, OakBend Medical Center offers interest free extended payment options. Any discounted amounts remaining unpaid will be turned over to a third party collection agency for further collection attempts.
